HYSO® HYScent InVent Odor Control Device

A solution for those difficult areas: High ceilings, corridors and extra large spaces. Just clip the InVent into a ceiling vent in the space you'd like to fragrance to generate airflow through the unit. In minutes, notice the pleasing aroma of one of HYSO's original fragrances. Vent holes allow the fragrance to flow off the surface of the HYScent beads into the air with the unit's existing air flow for optimum fragrance release. Adjustable clip easily secures the InVent to any vent slat. Unit can also be clipped on the inside of a removable vent cover. Go green and keep it simple with the HYScent InVent, an odor control device that works with your existing HVAC airflow. Sleek and aesthetically appealing design. No spills, no mess, safe, simple, effective to use.

Vectair Vibe® Aircare Dispensers

An aircare dispenser that utilizes our own patented Vibrating Mesh Technology, giving real green and efficiency benefits. The Vibrating Mesh Technology allows to consistent fragrance from start to finish and is highly effective, safe and unaffected by climatic conditions. Unlike heavier aerosol droplets which fall within minutes, the VMT micro particles are much smaller and lighter, remaining airborne for any hours. The unique delivery system is completely unaffected by climatic conditions, humidity or by dust particles. VIBE® does not use a wick to dispense the liquid fragrance from a bottle. Instead, pure fragrance oil is delivered in reliable and precise quantities using vibrating mesh technology. A mesh or membrane with 2000 laser drilled holes vibrates at the top of the liquid reservoir and produces a mist of very fine droplets. Fully programmable for your particular environment and is almost silent in operation, so you needn't even know it was there. Environmentally safe.

109VIBEW-EA

Betco® SmartValve® Combo Packs

Allows building owners and managers to have all the cost savings and environmental benefits of water free urinals, but without the significant up-front cost of tearing-out of existing urinals and the inconvenience caused tenants, at a fraction of the cost of a water free urinal installation, while maintaining existing cleaning procedures. A highly engineered malodor counteractant system controls odors for a pleasant restroom experience. Combo pack includes: (1) SmartValve®, (1) End user decal, (3) SmartScreens™. Fits Sloan Regal®, Sloan Royal®, Zurn AquaFlush® valves. Also fits Zurn AquaVantage™ valves. Locking flush valve. 2400 uses. Stainless steel construction.

Drip Dispensers

PRO-LINK® Hands-Free Dispenser, Cleaner & Accessories

Dispenser allows you to dispense the metered, concentrated cleaner into your toilets and urinals at consistent, pre-set intervals. Used properly, it leaves these restroom fixtures clean and odor-free. The concentrated cleaner prevents scaling and the build-up of bacteria, mold and mildew on porcelain surfaces, in drain pipes, headers and traps. It is a non-corrosive cleaner that leaves surfaces sanitary while eliminating offensive odors at the source. A connection kit is also available. For a complete system order: 1 dispenser, 1 saddle connection kit, and 1 stainless steel tubing kit.

Stick-Up & Disc/Block Deodorant**Fresh Eco Fresh® Hang Tags w/Suction Cups**

Freshens the air for 30 days. Versatile: Hang it from a variety of objects like stall door stop, toilet handle, etc. For greater placement options, use the suction cups. Also works well in standard fan cabinets. VOC Compliant: Available for sale in all 50 states. No ozone depleting ingredients. 1/10 the VOC's of most aerosols. Easy to recycle: One material versus many, no cleaning or separating needed and no harmful chemicals to dispose of. Environmentally friendly: As compared to most gel or metered aerosol air fresheners, Eco-Fresh® Hang Tags are manufactured with over 50% less energy than typical plastic steel containers. The final package requires very little cube thus saving resources.

Betco® Symplicity™ In-Sync Hand Dishwashing Detergent

Premium dishwashing detergent leaves dishes sparkling clean and film free. It is ideal for cleaning heavily encrusted pots and pans. It has the power to cut through the toughest grease. In-Sync is specifically designed for supermarket, institutional and restaurant use where fast grease emulsification and lasting suds are a must. Mountains of hard working suds penetrate grease and food deposits leaving pots, pans, glassware, and china spot free.
