Hands-Free Flush for Tank Toilets

Eliminates the need to touch flush handle, a major point of cross-contamination.

472-480715 Chrome—For Tank each

Prolink Hands-Free Surface Care System

This system will allow you to dispense the metered, concentrated cleaner into your toilets and urinals at consistent, preset intervals. Used properly it leaves these restroom fixtures clean and odour-free. The concentrated cleaner prevents scaling and the build-up of dangerous bacteria and fungi on porcelain surface, drain pipes, headers and traps. It is a non-corrosive cleaner that leaves surfaces sanitary while eliminating offensive odours at the sources. A connection kit includes a chrome-plated brass saddle, drill guide, drill bit, delivery tube, bolts and wrenches.

472-145100 Chrome dispenser each
190-300200 Autoclean Concentrated Cleaner 11oz X 6 per case
190-300225 Mandarin Orange Autoclean 11oz X 6 per case

Prolink SaniClean System™

This system continuously cleans fixtures and maintains drains to enhance cleanliness and image round-the-clock. Innovative fuel cell technology delivers a consistent metered dose of concentrated formula, which prevents the build up of uric scale and hard water deposits in pipes - eliminating odour causing bacteria wherever water travels. Metered dosing of the SaniClean refills not only maximizes cleaning using minimum water, but also minimizes chemicals placed into waste streams. This extremely cost-efficient system operates on either 30 or 60 day cycles without the use of batteries. Dispenser and Refill components are recyclable.

109-750425 SaniClean dispenser for toilets 12 each per case
112-750436 SaniClean Colour Free Refill 12 each per case
112-751026 SaniClean Blue Tint Refill 12 each per case

Handsfree Washroom

Prolink Hands-free AutoSoap System

One of the world's first counter-mounted systems using state-of-the-art sensor technology. Each battery-powered dispenser is fully guaranteed against defects in parts and workmanship for three years. Since the user never touches the dispenser, it helps to eliminate cross-contamination and messy clogs and drips. Cost-effective, reliable dispensing. Your facility can achieve maximum cost-efficiency through: metered dosages (0.8 mL shot size), a new pump and delivery tube with each refill cuts down on clogs and repairs, and a dispenser that fits most existing openings for easy installation.

Hands-Free AutoSoap Dispenser

Counter-mounted soap dispensing provides controlled dosage with no drips or clogs. Promotes health and wellness by reducing cross-contamination.

- 472-100100** Handsfree AutoSoap Dispenser Chrome 4 each per case
- 472-100150** SoapWorks Manual Soap Dispenser 12 each per case

Handsfree AutoSoap Refills

New pump and delivery tube with every refill eliminates costly repairs and replacement parts. 800mL refill provides 1000 handwashings and the 1600mL refill provides 2000 handwashings.

- 172-700200** Lotion Handsoap with Moisturizers refill 800 mL X 4 per case
- 172-700100** Lotion Handsoap with Moisturizers 1600 mL refill X 4 per case
- 172-700202** Pure & Natural Handsoap 800 mL X 4 per case

OneShot Foam Touch-Free Counter-Mounted System

The OneShot Foam experience delights users with rich, foam soap that soothes the skin, encouraging hand washing to help reduce the spread of germs. Automatic dispensing eliminates cross-contamination. Hygienic, sealed refills keep soap untouched and clean until it is dispensed, providing a safer system than bulk soap. Controlled dispensing of concentrated foam eliminates costly waste—the number one problem with other soap systems. Industry-leading battery life and highest capacity refills (up to 2000 doses per refill) reduce facility labour and maintenance costs. OneShot controlled dispensing helps reduce water usage and overuse, so there are fewer chemicals in the waste stream.

- 472-750339** OneShot Foam Dispenser 4 units per case
- 172-750517** Lotion Soap with Moisturizers 800 mL X 4 per case
- 172-750389** Free'n'Clean Soap 800 mL X 4 per case

Purleve™ Hygienic Door Handle

The Purleve™ hygienic door handle was born out of public demand, pure and simple. In a world where an estimated 30% of bathroom users don't wash their hands after using public restrooms, who wants to touch the shared handle that offers the only form of escape from the facility? And the fear is justified, since a typical restroom door handle is home to a multitude of bacteria —many of which carry disease-causing germs that continually multiply if not treated.

Employing a proprietary Automatic Sleeve Dispenser (ASD) technology, we created a replacement door handle that automatically advances antimicrobial material to cover the handle, providing a refreshed, sanitary touch after each and every use. So visitors to restrooms and other public areas are no longer affected by the questionable hygiene habits of all the persons who have gone before them.

As the final piece in this increasingly in-demand collection of sanitary restroom fixtures and accessories, Purleve aids in increasing public hygiene, minimizing cross contamination and promoting the image of a clean, healthy environment among guests.

- 1001** For push-pull doors each (use 1004 refills)
- 1002** For lockable doors each (use 1005 refills)
- 1003** For latch doors each (use 1005 refills)
- 1004** High capacity refill Est. 2600 uses, 2 units per box
- 1005** Standard refill Est. 1500 uses, 2 units per box

1 in 3 people do NOT wash their hands after using the washroom.

Washroom

Washroom Accessories

Stoko SureSeat Toilet Seat Cleaner

This is a hygienic solution to satisfy the sanitary restroom requirements of users. Practical application of toilet seat cleaner requires no separate waste receptacle, power or mechanical operations.

- 193-900116 Stoko SureSeat 300 mL X 12 per case
- 178-400236 Dispenser each

Baby Changing Station

The concave shelf design provides a deep area for the child to lay, preventing them from rolling around while the heavy-duty safety strap provides an additional level of child security. Safety belt with cam-buckle is adjustable with one hand for safety and convenience. The belt has an easy to clean, non-absorbent PVC coating. Both the horizontal and vertical style changers have a moulded-in dual liner dispenser that each accommodate approximately 50 plastic lined bed liners, creating a barrier between your child and the changer. Also, both the horizontal and vertical units are ADA Compliant when properly installed. Units only protrude 4" from the wall; which allows for installation in the smallest of rooms.

- 499-400552 Horizontal Change Table 34-1/4" x 4" x 18"H white each
- 499-400553 Vertical Change Table 19" x 4" x 34"H white each
- 499-400554 Plastic Bed Liners 500 per case

Child Safety Seat

This seat provides a means for keeping child safely off the restroom floor. Unit folds flat so it's out of the way when not in use and the three point safety harness and concave seat area secures child, freeing your hands. Units only protrude 3" from the wall; which allows for installations in the smallest of rooms and is ADA Compliant when properly installed. Designed to support a static load of 80 lbs.

- 499-400551 12" x 3" x 15-1/4" white each

Washroom Partitions

GML offers a wide range of washroom partitions and urinal screens for all applications. Whether it's a new construction or a renovation – we have something to suite your needs. Contact your representative for a free estimate.

Grab Bars

Available in stainless steel with a 1.25" diameter in 18", 24", 30", 36" and 48" lengths. The brushed and peened finish make this an attractive, cost effective product for any installation.

Blue Express High Speed Hand Dryer

Hands free, with fast 10-12 second dry time. Uses less energy per dry. Unique blue LED light helps target drying area.

- 499-921192 120 volt each

Auto Air Hands Free Dryer

Durable and economical die cast aluminum in a white finish. 20 second dry time. Also available in chrome finish and 120 or 220 volt power choices.

- 499-920146 120 volt, white each

Shower Curtains

These curtains are made from 100% PVC, 8 gauge and have a suede embossed colour fast finish. They are mildew proof and cold crack treated. The shower ring grommets are reinforced with aluminum and concealed in an extra strength header. They are white in colour and 48" x 78".

- 499-315129 Curtain each
- 499-315125 Curtain ring, 12 per package
